PRESIDENT'S REPORT

By BILL LICHTENWALD

TOUGH FIGHT AT KUHLMAN CONCRETE

For over 9 weeks Teamster Local 20 members working at Kuhlman Concrete took on their employer in a successful strike at that company. Through an active and well run picket line these members were able to fight back attempts by the company to reduce wages and health insurance benefits. The picketing took place at both the entrances to the yards as well as at the work sites where the company attempted to deliver concrete. Thanks to the efforts of all the striking members, particularly Don Farnsworth, Chief Steward along with Ron Weckerlin, Vice President and Business Representative the contract was overwhelmingly approved and everyone returned to work with their heads held high. This is just another example of how a group of workers can be successful if they stick together. As your President, I cannot tell you how proud I am of our Kuhlman members. You are truly working class heroes. Way to go men.

17th TRIENNIAL STEWARDS CONVENTION

The 17th Triennial Teamsters Local No. 20 Stewards Convention will be held Saturday, October 9, 2010 at the SeaGate Convention Center in Downtown Toledo. The morning and afternoon work sessions will be followed with an evening dinner for the Stewards and their spouse/guest. We look to have another great group of guest speakers to address the Stewards in attendance, so mark your calendar to keep this date open for this very important event.

SECRETARY-TREASURER FARBROTHER RETIRES

After 48 years as a Teamster Local No. 20 member, Dan Farbrother decided to hang up the cleats and retire from Teamsters Local No. 20. Dan's steady leadership as your Secretary-Treasurer for the past 35+ years has been greatly appreciated. Please take the time to read the resolution the May 2010 Stewards Council passed in Dan's honor as well as view the pictures taken with Dan's many well wishers that evening which appear on page 3 of the Team and Wheel. It was a fitting send off for a great Teamster. Enjoy your retirement Dan, you have earned it!!!

LEGISLATIVE UPDATE

Congress has been working on passage of a bill that will give pension funds more time to improve their finances, provide extended unemployment benefits to laid off workers and remove incentives for companies that move jobs overseas. Funding rules have caused problems for pension plans reeling from the unprecedented poor economic environment caused by the unregulated greed of Wall Street. Recent changes passed by the House allow pension fund dollars to be replaced over a longer period preventing potential job loss or company closures if forced to divert too much working capital to these pension funds. Further the bill limits a corporations' ability to avoid paying taxes by moving jobs offshore. The bill is now before the Senate and is likely to be amended before final passage.

The Senate for its part passed a bill that strengthens the regulation of Wall Street. Thousands of Teamster jobs at YRC were in jeopardy late last year when investment bankers were able to market unregulated derivatives, which actually bet on YRC and other companies to fail so investment bank could make a short term profit. A strong fire wall is necessary between the banks and investment firms that speculate in such deals to protect the American worker from further job loss. The House now needs to stand up to the financial industry and pass tough legislation to stop their job-killing greed.

A DAY AT SPANGLER CANDY CO.

On April 1, 2010 (no foolin') I had the pleasure of spending a day at Spangler Candy Co. in Bryan, Ohio working side-by-side on the various jobs our members do at this company. I made batches of Dum Dums, Candy Canes and Safety Pops but mostly spent time talking with the members during the course of the day. And, yes, before you ask, there were some "Lucy" moments as the candy kept coming down the line faster than I could keep up. It was a great experience and I really came away with a renewed respect for the hard work our members do every day.

Is Foreclosure Mediation An Option?

By Michael P. Dansack, Jr., Esq.
Partner
General Practice Section

Foreclosure cases in the United States have reached record numbers. In Lucas County alone, over 4,100 cases were filed in calendar year 2008. In order to deal with the increasing number of foreclosure cases, courts statewide have developed various civil mediation programs.

In Lucas County, after a complaint is filed, a notice regarding the mediation program is provided to the defendant as part of the summons package. If a property owner indicates a desire to try mediation to resolve the issues, the case is referred by the trial court to the Foreclosure Magistrate.

Mediation is a process of guided negotiations. The Magistrate works with all of the parties (lenders, borrowers, etc.) with or without attorneys, to resolve issues before they reach the court. The mediation process cannot be used as a delay or hindrance in the foreclosure proceeding. The process is utilized to promote better and more direct communication between the parties to deal with issues like a sudden change in one's financial situation, a change in mortgage terms or bank errors. The Magistrate helps to facilitate the discussions between the parties. Although not all cases can be resolved through mediation, in some instances it may be appropriate.

THE NIGHT OF JUNE 5TH, 2010

Pictured here is all that remains of the home of Douglas Lutman, a 23+ member working at Great Lakes Kenworth after tornadoes ripped through the area the night of June 5th. Doug survived the storm with minor injuries but as you can see his home was completely destroyed. When you see this type of devastation it makes you appreciate the things that are really important in your life; family, friends, neighbors, co-workers and those close to you as just about everything else can be replaced.

HAIR TODAY — GONE TOMORROW

Responding to the challenge from Colleen Schlea, Sandusky County EMS chief steward, Kevin Merritt is having his head shaved in front of his co-workers at an OmniSource Unit Meeting to raise money for the St. Baldrick's Foundation. This organization raises money to assist families with children who have cancer. Kevin, pictured with Trustee and Business Representative Norm Lewallen, raised over \$1,200.00 to help "Conquer Kid's Cancer". Great job Kevin and thanks to all those who contributed to this great cause.

MEN OF COURAGE

Pictured above are the brave members of Kuhlman Concrete, who fought the good fight against an employer trying to take advantage of the poor economy. These working class heroes took on their employer despite the odds and were successful in weathering a 9+ week strike. The picket line ran like clockwork, with each worksite covered and crews chasing the few trucks that left the yard. Hats off to Don Farnsworth, Chief Steward and Ron Weckerlin, Vice President and Business Representative on a relentless effort to reach a successful settlement.
