

TOLEDO TEAMSTERS FEDERAL
CREDIT UNION - Celebrating 63 Years of
Service - Summer Quarter 2010

IMPORTANT CHANGE TO YOUR DEBIT CARD....

Beginning August 15, 2010, we will no longer pay your overdrafts for ATM and everyday debit card transactions unless you tell us you want overdraft coverage for these transactions.

Today, if you do not have enough money in your account for approval of a debit card purchase or ATM withdrawals, we may still authorize and pay your overdraft. However, if you do not consent to overdraft coverage for your ATM/debit card before August 15, 2010, then your purchase or withdrawal request will be **DECLINED.**

Our overdraft program does not guarantee we will cover your overdrafts, but if we do, you will be charged our standard fee of \$25.00 for each overdraft. As long as you keep your account in good standing by continuing to make consistent deposits, bringing your account to a positive balance at least every 30 days, remaining current on loans, etc. then we may pay your overdraft item(s) up to \$300.00.

Currently we authorize and pay checks, automatic debits, electronic transfers, ATM withdrawals and debit card purchases. But, after August 15, 2010, we will no longer authorize and pay overdrafts for ATM withdrawals and everyday Debit Card purchases unless you consent by:

1. Visiting us at: <http://toledoteamstersfederalcu.org>
2. Completing an opt-in form with one of our representatives

If you like the added protections of overdraft coverage you currently have on your debit card and want to avoid the embarrassment of having a debit card purchase declined in the future, then contact us **NOW** to be sure your coverage is not interrupted.

Is your friend's bank driving them....

Bank bailouts. Big bonuses. Subprime lending. Lousy rates and rising fees. There are many reasons why people are upset with big banks these days. But people have a choice. Every year since 1984, credit unions, have beat banks in customer satisfaction surveys. In fact, there's now a nationwide movement centered around the value of "moving your money" from a big bank to a local credit union. Share the news with a friend! www.gofireyourbank.com

Use your TTFUCU Debit Card in "Credit Card" mode!

When asked, "Debit or Credit", just say, "Credit." Wherever you use your MasterCard Debit Card, you usually have the opportunity to use it in credit mode.

Here are the benefits: How it will affect you? Not at all! There is no cost to you to use your card in credit mode. Also, your debit transaction in credit mode will be paid from your checking account, just as it would be in debit mode.

You don't have to worry about your PIN being stolen.

Ever worry that someone is looking over your shoulder to lean your PIN? That's not an issue if you're using the signature pad.

Support your credit union.

You'll support the cooperative spirit of your credit union by making credit transactions. We receive a marginal income from each credit transaction, as opposed to incurring a marginal expense.

Here's how to use your debit card in credit mode:

At a gas pump - Press the Credit button before you swipe your card.

At a retailer - Ask the cashier how to make it a credit transaction.

What You Need to Know about Overdrafts and Overdraft Fees

Beginning August 15, 2010, we will no longer pay your overdrafts for ATM and everyday debit card transactions unless you tell us you want overdraft coverage for these transactions. Even if you do not request overdraft coverage for ATM and everyday debit card purchases, we may still pay your overdrafts for checks, automatic bill payments and other transactions made by using your account number.

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways.

1. We offer standard overdraft practices that come with your account
2. We also offer overdraft protection plans, such as a link to a savings account, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

THIS NOTICE EXPLAINS OUR STANDARD OVERDRAFT PRACTICES

What are the standard overdraft practices that come with my account?

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

Until August 15, 2010, we will authorize and pay overdrafts for the following types of transactions:

1. ATM transactions
2. Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined.

What fees will I be charged if Toledo Teamsters Federal Credit Union pays my overdraft?

Under our standard overdraft practices:

1. We will charge you a fee of up to \$25.00 each time we pay an overdraft
2. There is no limit on the total fees we can charge you for overdrawing your account

What if I want Toledo Teamsters Federal Credit Union to continue to authorize and pay overdrafts on my ATM and everyday debit card transactions after August 15, 2010?
